WALZEN IRLE represents and warrants:

- a) ~~that the rolls will be of good and workmanlike quality and free of any and all defects of relevance for the operation in materials and workmanship~~
- b) ~~that the material properties like tonnage strength etc. are within the specification given in the material data sheet~~
- c) ~~that there will be no cracks on the roll surface under regular operating conditions (4000 PLI separating force in the nip and at 1600 PSI roll bending pressure) due to a material fault; damage caused by external circumstances, not attributable to the roll material, are explicitly excluded from WALZEN IRLE's warranty~~
- d) that the rolls supplied under this contract will meet the technical specifications of the purchasing agreement

The foregoing warranties and representations are limited to the "Warranty Period" as hereinafter defined:

The Purchaser agrees that for a period which ends on the earlier of:

- ~~(a) 18 month from the date upon which the rolls are first put in operation; or~~
- (b) 24 month from the date upon which the rolls are delivered (FOB date)

(such period to be referred to as the "Warranty Period") WALZEN IRLE will, at its own expense repair, modify, adjust or replace any of the supplied rolls or parts here from which are found to be defective during the Warranty Period. Notwithstanding any of the provisions in the contract documents, in no event shall WALZEN IRLE be liable for any incidental, consequential or special damages of any kind of nature.

If there are further questions please let us know.

Best regards,  
WALZEN IRLE GmbH
